Dear tenants!

We welcome you whole-heartedly in our residential neighbourhood! We want to introduce all your neighbourhood's offers in this brochure so you can find your way around here.

There is a community centre in Lüssum, Lüssumer Heide 6, it is called *Haus der Zukunft* ("House of the future"). It offers a lot of activities for parents and children, for German lessons or support for everything related to your everyday life.

There are three day-care facilities for children in this area, the "Kinder- und Familienzentrum Fillerkamp" in Lämmerweg, the day-care centre "Herrschaftliche Tannen" in Lüssumer Ring/ Herrschaftliche Tannen and the protestant day-care centre Lüssum in Neuenkirchener Weg 29.

Right in the centre of the area is the primary school "Tami Oelfken" in Lüssumer Ring 55. Two secondary schools, OS In den Sandwehen and OS Lehmhorster Strasse are also reachable within walking distance.

Two GEWOBA caretakers are available for everything related to your apartments. They are based in Lüssumer Ring 57 and Lüssumer Heide 25. For any official matters related to public authorities please contact the Büro für Sozialberatung (social counselling service) in Lüssumer Heide 38.

In good neighbourhood

The *Haus der Zukunft* - multi-generation house in your immediate area offers a wide range of services under one umbrella. It is both a contact point for civic involvement and an important point of contact for new citizens. It is a hub for lived, practised and genuine networking and fulfils an important task in the neighbourhood. Leisure activities, further education, comprehensive advice and assistance or simply good neighbourhood can be found here.

Neighbourhood management & improvements in Lüssum

The Lüssum-Bockhorn district is an assisted area. It means that from various local, national and EU programmes ("Living in neighbourhoods", "Social cohesion", "Local capital for social purposes") funds for projects are provided. About the use of funds the residents have a say!

This happens at the public neighbourhood group meetings, that take place about 8 times a year in the café at the *Haus der Zukunft* (House of the Future). Current topics of the neighbourhood will be discussed here over coffee and cake, ideas are developed, problems are discussed, residents are asked for ideas or suggestions and projects are presented. You will meet many people from different institutions here that are active in the neighbourhood. You can find out the exact dates at *Haus der Zukunft* (House of the Future) or take them from the current programme. The neighbourhood manager Heike Binne is responsible for the coordination.

Coordination and contact:
Phone: 0421 361 79293

Nature in the neighbourhood

Community garden

Digging, planting, harvesting....

The community garden next to the high-rise building Lüssumer Ring 90 grows and thrives on the cooperation between the neighbours. With professional support and assistance, flowers, herbs and vegetables are planted and cared for. Anyone who is interested can come and visit at any time, help or just enjoy some garden air.

If you would like more information and gardening advice the best time to come round is Thursday morning.

Thursday from 10:00

Beehive

30.000 small subtenants

The neighbourhood's own beehive, looked after by a beekeeper, delivers two honey yields a year. The overall small yield is given as a present from the *Haus der Zukunft* (House of the Future) and the Gewoba to friends, donors and multipliers to show how sweet good neighbourhood can taste. Whoever is interested to take a look at the hard-working bees is welcome to arrange a visit.

Offers for young people

■ Youth club Offers for young people from 12 to 21 years

Young people can find a retreat here and it offers a PC room with internet, table tennis, snooker, table football, music practice room, fitness room, job application training, soccer, darts, etc. There is an outdoor area with a soccer field, slackline and more. Special activities: disco, cooking groups, day trips and sports nights.

An der Lehmkuhle 1

Tips for everyday life

House rules

In the house rules are the rules for a successful living together (for example rest periods, staircase cleaning). You received the house rules with your rental agreement.

Home security

House and cellar doors should always be closed. However, the front door must not be locked!

Rest periods

Please do not make any noise in your apartment. Your music and your televisions should not disturb your neighbours, especially during lunch time (13:00 to 15:00), night time hours (22:00 to 07:00) and all day on Sundays and public holidays.

Relations with neighbours

Basically, neighbours must show consideration for each other. If you encounter any difficulties, please first seek a friendly dialogue with the neighbours. If that doesn't help, you are welcome to contact us.

Use of the apartment

Please never carry out any unauthorised changes in the apartment. This applies in particular to all power or water lines. Please talk to us and get our written permission to do so.

Tap water

Our tap water has drinking water quality and can be used without hesitation for drinking and cooking.

Order

Smoking is prohibited in the staircase, in elevators, in the attic and in the basement! Please do not leave any rubbish or dirt in the staircase (for example sweets wrappers, cigarette butts, pet hair).

Fire protection

The staircase does not belong to your apartment. Do not place objects such as furniture, prams or shoes here. The staircase is an escape route and must always be clear.

Barbecue

Barbecuing on the balcony and on the property is prohibited for safety reasons and out of consideration for the neighbours.

Pet keeping

If you want to keep a pet, please ask us in advance. Remember that neighbours may be disturbed by animal noises or faeces. Dogs must be kept on a leash outside the apartment.

Tips for everyday life

Behaviour in emergencies

Whether it is a fire or an accident, with the telephone number 112 you can call for help quickly in emergencies where ever you are. Please provide these details:

- Who is reporting?
- What has happened?
- How many are affected/injured?
- Where did something happen?
- Wait for further inquiries

In case of fire, please take yourself and your relatives to safety.

The lift must not be used if there is a fire in the house.

Please follow the instructions of the police and rescue services.

Ventilation

Cooking, drying laundry, showering or bathing causes damp air in the apartment. In order to prevent damage, you should air the room regularly. Please open the windows at least 3 to 4 times a day for 5 - 10 minutes.

Heating

When it is cold, you can use the radiators in your home to provide heat. You set the temperature with the thermostat. Please remember that the energy used costs money.

Television and radio

Our apartments have a cable connection for television and radio. Please remember that you can use TV and radio in Germany and you have to pay separately. For further information please search the internet.

Household and liability insurance

These two insurances are important for you. Please inform yourself. Possible damage to your household goods is not covered by our insurance. For this you need a household insurance. If you break something that doesn't belong to you, a liability insurance will help you.

Where to put the waste?

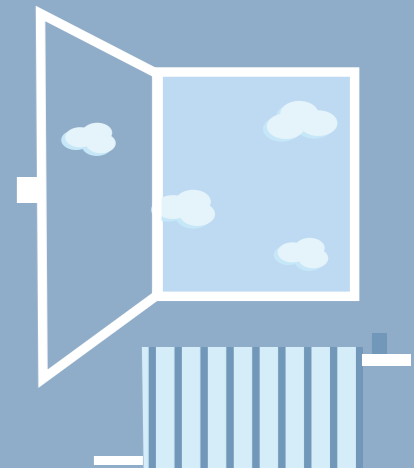

Waste may only be disposed of in the waste container provided. Please separate your waste. Remember that the flap of the waste container is only accessible for adults and larger children, so please do not let small children take out the waste.

Bulky waste

If, for example, you wish to dispose of furniture and other larger items, please ask us.

Use of the green spaces/playing on the green spaces

In principle, playing on the green areas is allowed. However, the neighbours must not feel disturbed. Please also pay attention to the rest periods. In general, however, playing football is not allowed!

With these links you will find your personal contact person for all areas presented in this brochure and current information & offers
